
A TERM IN IRELAND 2018 – 19

(Information for Individual Students)

- **LEARNING ENGLISH IN AN IRISH SCHOOL**

An excellent way of perfecting one's English is to spend an academic year as a student in an English-speaking school. The student will be placed in a class with approximately 25 other Irish classmates and they will have to adapt quickly to school life and be able to keep up with the classes in the same way as any of the Irish students would.

Rockbrook International organises the programme "A Term in Ireland" for boys and girls aged between 11 and 19. They are placed in different schools throughout the South Dublin area which would have the same value system and standards as Rockbrook and Rosemont. These schools are run by lay people but are linked to their local parish or to a religious order. The foreign students are placed in a class with students of their own age or slightly younger to facilitate their learning of English which is their aim while here.

- **ACADEMIC REQUIREMENTS**

The students must have a high academic level, be diligent workers and be keen to learn English. They must make an effort to do the homework given by the Irish school on a daily basis. They will take school exams if present during this period.

- **SUBJECTS**

The students do the exact same subjects as any other Irish pupil in the school: mathematics, science, geography, history, etc. There will be subject choices in some cases. During Irish language classes, they will either stay in class or go to the study hall and continue on with their own private study.

- **TUTOR**

Each student is assigned a tutor who looks after them during their stay here and helps them to settle in to school, family etc. The tutor will meet with the student once a week and on the Saturday plan and keep in regular contact with the student's parents. The spiritual attention of the students is looked after by the chaplain of the school.

- **BOOKS AND UNIFORM**

The students will be given school textbooks on a loan basis. Students should bring their own writing materials (pens, rulers, etc.) and a good dictionary. Copybooks/notebooks will be provided too.

Once in Ireland students normally wear the uniform of their home school (from their country of origin). Some schools demand that the students wear the full uniform of the school so in these circumstances we will provide the uniform. All secondary schools in Ireland have a formal uniform (shirt, tie, jumper with crest etc.). To avoid the expense of having to buy the complete uniform of the Irish school, many accept a similar style of formal uniform:

Boys' Schools: Navy V-necked long-sleeved pullover (with no markings). Plain white or plain blue shirt with long sleeves. Grey trousers. Black shoes. School tie. They should also bring their own sports gear and a very warm overcoat and rain jacket.

Girls' Schools: Navy V-necked long sleeved pullover (with no markings). White blouse. Below-the-knee plain grey or plain blue pleated skirt. Navy-blue stockings, black shoes. They should also bring their own sports gear, and a very warm overcoat and rain jacket.

Note: If you have any difficulty about buying any of these items in your own country, they can readily be purchased in Ireland at economical prices.

- **DISCIPLINE AND SCHOOL RULES**

Students should remember they are going to be living in a completely different culture and they will have to adapt to it. Schools in Ireland have high standards of discipline and behaviour and the students must abide by them. Detention and suspension are commonly given as punishments depending on the degree of indiscipline.

- **TRANSPORT**

Students will either walk to school, travel by bus (public or private), tram or be taken in the family car. The form of transport taken will vary depending on the proximity of the family to the school and the most convenient transport available. The cost of school transport (weekly bus/tram tickets) is included in the 'Term in Ireland' price.

- **POCKET MONEY**

The cost of living in Ireland is relatively high and students should be aware of this before they arrive. Students do not need much pocket money, since everything, i.e. bus, books, activities etc, is generally included in the price. We estimate an average of €10 to €15 per week as pocket money. Irish families will feel uncomfortable if there is a student in their house of the same age as their own children but who has a lot of money to spend.

The most preferable thing is that the pocket money of each student be kept and administered by the tutor or family.

- **SATURDAY PLAN**

On Saturdays of each term there is a combined day of classes and activities. The students are collected by bus in the morning and dropped home in the evening. There are special English classes, followed by an excursion in the afternoon, returning home between 5pm and 6pm. On these days they will be given a packed lunch.

- **MID TERM BREAK**

During the first mid-term break (the last weekend in October) and during the second mid-term break (around the middle of February), we organise a three-day trip (not overnight) to a sports activity centre. The price of this trip is included in the cost. The trip is subject to there being sufficient numbers interested in participating. In the event that the trip doesn't take place, an alternative programme will be organised to keep the students busy during this holiday period.

- **ENGLISH TP EXAM**

Students will do the TP exam after about 10 weeks of their stay. This exam records their level of English using a scale based on the Council of Europe Common Framework Scale. It consists of two parts: a written part and an oral part.

The classes on Saturday prepare the students for this examination. The fee for the exam is included in the cost of the programme “A Term in Ireland”. In addition, those students who spend a year in Ireland will be eligible to sit the Cambridge First Certificate in English. In both cases a formal certificate will be issued with the result.

- **MEDICAL INSURANCE**

All students must come with the **European Health Insurance Card**, the Social Welfare insurance for EU countries. This covers any emergency treatment the students receive while in Ireland (doctors visits, hospital visits etc.) They can also bring a private insurance cover if they wish (e.g. Mondial Assistance, etc.). However, these are generally more awkward as a fee has to be paid that can be claimed back later.

- **LIVING WITH AN IRISH FAMILY**

Students are expected to behave like any other member of the family. In general they must follow the same rules that apply to the other children of the same age. The families are carefully chosen and closely inspected by a member of the Rockbrook staff. They are selected on the basis of their friendliness and trustworthiness, especially in regard to moral issues and Christian values. They must live in a comfortable and clean environment and be able to provide all that the student requires. The area here the house is located must be very safe.

Students should bear in mind that the payment to families covers only the cost of maintaining them. It is not like staying in a boarding house or hotel. Therefore, they should perform the small duties that other members of the family do, for example, clearing the table, tidying their room, setting the table etc. They have to make an effort to integrate and become like another member of the family unit.

Sundays are a family day and the student will participate in whatever the family has organised.

- ***BOOKING FLIGHTS TO AND FROM DUBLIN***

You must book your child's flights to and from Dublin. Care should be taken so that these flights arrive during the normal office hours (Monday to Friday 9am- 6pm.), or in exceptional circumstances on Saturday 9am-6pm. This means that flights leaving Dublin should depart any earlier than 10am and flights arriving in Dublin should arrive no later than 7pm.

****Flights should not be booked outside these hours without prior consultation with Rockbrook International.****

We do not recommend booking flights with low-cost carriers as they do not offer any assistance for unaccompanied minors and allow a maximum luggage allowance of as little as 15kg. Such 'cheap flights' often end up being dearer than more expensive flights.

• **ARRIVAL IN DUBLIN**

1. Let us know well in advance the **day, time and flight number** of your child's flight. A member of the Rockbrook International staff will be waiting for your child in the arrivals hall with your child's name clearly shown on a large card.
2. From there your child will be driven to the host family and introduced to them by the member of staff.
3. The member of staff will give the family all the student's books and uniform (if required).

Conditions of the Programme.

In order to participate in the programme ‘A Term in Ireland’, Rockbrook International requires full agreement to the following conditions:

- Both parents must agree to their son/daughter taking part in the programme ‘A Term in Ireland’ or ‘A Year in Ireland’ and must therefore sign this document jointly.
- As a general rule, Rockbrook International will not admit requests from the student’s parents for a change of family in the first two weeks except in cases where there is an urgent necessity to do so.
- If during the stay of your son/daughter in Ireland you wish to make a complaint to the host family, you must do so through Rockbrook International. You should never make a complaint directly to the Irish family.
- To allow the student to adapt to the programme and to life in Ireland we ask that the student’s family make **a maximum of three phone calls per week** to their son/ daughter. Rockbrook International reserves the right to limit the number of phone calls made by the family abroad if it considers that excessive phone calls are preventing the integration of the student or causing undue upset to the Irish Host Family. When we refer to ‘the student’s family’ we include parents, grandparents, uncles, brothers, sisters etc, i.e. it is **a maximum of three phone calls per week between them**.
- For the same reason as in point 4 it is not recommended that the student bring a mobile phone without consulting with the Rockbrook International coordinator beforehand. If the student has a mobile phone and its use creates a problem either for the school or the host family, or impedes the student’s integration, we reserve the right to confiscate the mobile phone until they return home.
- Laptop computers:** We strongly recommend them not to bring laptop computers. We don’t guarantee that there is Internet access in the host family house, and if there is, we recommend to our host families that they limit Internet access and supervise it at all times. **FACT: Having a laptop interferes with the student’s integration in the family.** If we find that Internet access or computer use is creating problems, we may have to take the computer away from the student until they return home. We have done this before with positive results.
- In the case of continual bad behavior in the school or host family, Rockbrook International reserves the right to terminate the student’s participation in this programme.
- In the case of shoplifting or stealing from the host family or school, as well as reserving the right to terminate the student’s participation in the programme, the student or his/her family may also be required to make restitution in monetary terms to the appropriate parties.
- Any student involved in the use of alcohol, drugs or inappropriate sexual behaviour may be asked to leave the programme immediately.
- If the student decides to go home or has to be sent home for any reason other than illness, they must understand that they may lose all fees paid.
- We reserve to ourselves the right to accept a student who has a medical condition, e.g. enuresis (bed-wetting), ADHD, etc.
- Students must bring uniform from their own country. Rockbrook International will not provide Uniform, Sport equipment, dictionary, school materials (calculators etc.) to term Students.

After carefully reading all of the points above and the ‘Pupil norms’ we are ready to accept all the conditions of the programme
